Advertising Edmonton City

The EDMONTON CITY DIRECTORY is placed in the Public Libraries in Canada and the various Directory Offices and Libraries throughout the United States and Canada, where it serves the public as a valuable book of reference, and the city it represents as a splendid standing advertisement, for no other publication can reflect so much the importance of the City, its Growth, its People with their Trades and Professions, its Churches, Schools, Societies, Banks, Railroads and all other Institutions and Organizations. The wide circulation of the Directory enables Capitalists and Business Men in every Locality to communicate with citizens and to note the progress and improvements the Directory annually records.

Introductory

THE PUBLISHERS take pleasure in presenting herewith the Thirteenth Annual Edition of Henderson's Edmonton Directory. A work of this kind to be valuable, must, in all respects, be thoroughly reliable and up-to-date. Fully conscious of these essentials, the publishers have taken every precaution to secure accuracy of information.

This Edition embraces the area of GREATER EDMONTON, comprising the territory of the City proper, South Edmonton (formerly Strathcona), North Edmonton, Calder, Beverly, and all adjoining subdivisions, suburbs and environs.

Attention is directed to the Miscellaneous Section in the front part of the volume, containing up-to-date statistics and information, much of which is not to be found elsewhere in print.

The Advertising Section, together with the Classified Directory, contains a complete alphabetically arranged list of all articles manufactured and sold in Edmonton, which forms a most efficient wholesale and retail buyer's guide.

The numerical system of street naming has been used, with the exception of the following streets: Jasper Ave., Howard Ave., McDougall Ave., Rice St., Queens Ave., Fraser Ave., Namayo Ave., Kinistino Ave., Syndicate Ave., First St., Victoria Ave., McKay Ave., Hardisty Ave., Whyte Ave., Main St., Stony Plain Road, St. Albert Road, Fort Road, Saskatchewan Drive and a few lesser known streets. Preceding the Street Directory is a ready reference guide showing the new and old street names, immediately followed by a second guide showing the old and new names. A complete list of subdivisions with locations is also included in the Street Section.

ADVERTISING EDMONTON

The Edmonton Directory is placed in the Directory and Public Libraries throughout the United States and Canada, where it serves the public as a valuable book of reference and the City it represents as a splendid standing advertisement, for no other publication can convey such an idea of the City, its business interests and all its various institutions and organizations. Few people realize what splendid publicity this affords Edmonton and its industries.

The Directory method of estimating population is to multiply the individual names the Directory contains by a common multiple. The majority of these names has always been men, generally the heads of families. The present subnormal condition of the population of Edmonton as regards this class, owing to war's demands, alters to a considerable extent the results obtained by directory methods. The figures given below are more in the nature of a calculation. There is the same probability that the publishers have been as much conservative as liberal. The following figures are submitted as in the opinion of the publishers most nearly representing the present population of Edmonton. A complete census, only, can give definite and accurate figures.

POPULATION OF EDMONTON, 60,150

The Publishers desire to thank their patrons and the general public for the courtesy extended, at all times, to their representatives, and to say that they fully appreciate the confidence which the business and professional men of Edmonton have always shown in their publications.

THE OBJECTS OF THE ASSOCIATION

The Association of the American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

PART I.

Greater Edmonton

Incorporated in 1901 when it had only about 3,000 inhabitants, the city of Edmonton has grown to such an extent as to now number over 60,150.

Edmonton is the chief distributing point in a territory of 200,000 square miles and has also a marvellously rich tributary country at the north and west.

Edmonton has taken time by the forelock in the matter of public parks and has 801 acres of land for this purpose.

The city is spreading out industrially; there are enormous coal beds directly under Edmonton, and thirty mines are worked. Industrial sites, at low rental, are leased by the city, which supplies power, light and water at cost. Apart from these mines, borings for natural gas are now being made and these seems no reason to doubt that this valuable asset to a city will be added to the already large number of important attributes which Edmonton enjoys.

Edmonton municipally owns and controls its water and lighting systems, as well as its street railway franchise, all being under the management of its commissioners. The telephone system belongs also to the city.

As the capital of the province and its educational centre, Edmonton has twenty excellent public schools, equipped with the most modern requirements and

follow approved educational lines from primary to collegiate grades. There are four good colleges for higher education—the University of Alberta, Robertson Presbyterian, the Oblate Fathers' College and Alberta College, with an excellent preparatory school in the Westward Ho! School for Boys. The Alberta School and McTavish Business College give complete business courses of instruction.

Three great railway systems centre on Edmonton—the Grand Trunk Pacific, the Canadian Pacific and the Canadian Northern. The Canadian Pacific has built a high level bridge and terminal facilities at a cost of \$2,500,000. The Grand Trunk Pacific has finished its latest hotel at a cost of \$2,000,000.

Edmonton is the chief central point of the Edmonton, Yukon and Pacific Railway, the Dunvegan, Peace River and British Columbia and the Alberta and Northwestern Railway. These roads are under construction.

Already the home market swallows up all that is locally produced and good prices are assured for those bringing their products into Edmonton. This industry could be better extended, as poultry and farm produce, vegetables and fruits have to be brought in from California and other places. No more profitable business could be indulged in than this.

Henderson's Edmonton Street and Avenue Directory

Including
Ready Reference Guides of Old and New Street Names,
Subdivisions and their locations

for 1917

All Numerical System of Street Naming and House Numbering Plan

Streets run North and South, odd numbers South side ; Avenues run East and West, odd numbers East side.

Streets are numbered from the East. Avenues are numbered from the South.

Old 1st Street is 101st Street. Jasper Avenue is 101st Avenue.

Short avenues and short streets have an A number.

The East and South have the small numbers. The North and West parts have large numbers.

The original names of the following Avenues and Streets have been retained in this issue of the Directory : Jasper Ave., Howard Ave., McDougall Ave., Rice St., Queen Ave., Fraser Ave., Namayo Ave., Kinistino Ave., Syndicate Ave., First St. White Ave., Main St., Stony Plain Road, St. Albert Road, Fort Road, Saskatchewan Drive and a few lesser known streets.

Examples House Numbering

1. 10312 on 96th Street. 12 is the house number as it is the last two figures. 103 (or Clara Street) is the First Avenue south of that block on 96th Street (or Kinistino).
2. 10348 on 95th Street. 48 is the house number, 103 is the Avenue south, 95th Street (or Syndicate).
3. 9624 on 102nd Avenue or Elizabeth Street. House No. 24, 96th Street (or Kinistino) is the first street east of that house. The house is between 96th and 97th Streets (or Kinistino and Namayo).

NOTE—The arrangement of the following Street and Avenue Directory is in numerical order, with avenues preceding streets. Avenues and streets not numerically named appear first in Alphabetical Order. The arrangement by directions is East, West, South and North.

Where the odd and even numbers on an Avenue or Street are separated, the South Side (odd numbers) on Avenues appear first, and the East Side (odd numbers) appear first on Streets.

Directory Library

A Library of City Directories is maintained at the EDMONTON PUBLIC LIBRARY for the free use of our patrons. As the latest books are issued they will be added to the Library, thereby keeping it up-to-date from year to year.

Advertising Edmonton City

The EDMONTON CITY DIRECTORY is placed in the Public Libraries in Canada and the various Directory Offices and Libraries throughout the United States and Canada, where it serves the public as a valuable book of reference, and the city it represents as a splendid standing advertisement, for no other publication can reflect so much the importance of the City, its Growth, its People with their Trades and Professions, its Churches, Schools, Societies, Banks, Railroads and all other Institutions and Organizations. The wide circulation of the Directory enables Capitalists and Business Men in every Locality to communicate with citizens and to note the progress and improvements the Directory annually records.
